

Current Dining and Shuttle Transportation Options at BB Centrum

In light of the current regulations and measures instituted by the government and other authorities of the Czech Republic, operations of some services have been temporarily restricted, which includes the closure of several dining establishments. **Some establishments (employee cafeterias) have remained open to building tenants. Other dining options are available from restaurants via "take away" or delivery options.**

A list of the available options according to building (updated regularly) can be found at www.bbcentrum.cz in the "News" section.

Due to these unprecedented measures and in an effort to reduce pedestrian traffic in BB Centrum, the complex-wide shuttle timetable has also been modified, in which each line is now operated by one eBus in a shortened schedule now ending at 5:00 p.m. Current timetables can also be found in the "News" section at www.bbcentrum.cz.

We would also like to inform you that our BB Centrum continues to remain open and operational with restrictions that are in accordance with applicable regulations and measures instituted by the government and other authorities of the Czech Republic. We are behaving responsibly, and the BB Centrum team is following all of the recommended measures. Within the recommended restrictions, we continue to be prepared to react to your inquiries and questions in the usual manner.

You can find out at the branch in the Brumlovka Building. You can make an appointment for a private consultation during the consultation hours: Monday and Wednesday from 8:30 a.m. to 6:00 p.m., Tuesday and Thursday from 8:30 a.m. to 5:00 p.m., or on Friday from 8:30 a.m. to 4:00 p.m.
