Roztly

## Discover interesting places outside of BB Centrum

As part of the prepared construction in Roztly, PASSERINVEST GROUP is also continuing to cultivate the park on the edge of the Krč Forest close to the Roztly metro station. The latest news here is the construction of two places for modern leisure activities, specifically an **outdoor fitness field** and a **workout field**. Both of the sports facilities are meant for the general public, which can be used free of charge all year round.

In addition to those two fitness features, you can also participate in interesting events, such as **regular collective runs**. They take place each Monday from 6:30 to 7:30 p.m. The participants gather at 6:20 p.m. between the Roztly metro station and the T-Mobile building. If you prefer calmer exercise, you can visit **yoga lessons**. These are held every Wednesday from 6:30 to 7:30 p.m. The meeting place and site of the lesson itself is in the park by the edge of the Krč Forest next to the hotel Nosál and restaurant Za větrem close to the Roztly metro station.

# dm: clean ecologically

What is behind the words ecological cleaning? It is a way to take care of the household that is as environmentally-friendly as possible.

It means you use cleaning agents that have the most ecological ingredients while also packaged to maximally respect the aspects of sustainability. For example, by not packing the agents in a plastic package or having the plastic package made from recycled materials, thereby saving the raw materials and energy.

Try to think about how you, too, can clean ecologically...
