Make your wishes come true in Costa Coffee

Do you know profiteroles? They are those dangerously delicious balls of puff pastry full of whipped cream and vanilla. **And now imagine a Christmas cake baked from thin layers of pastry alternating with cherry puree.** And that's not all. This brings us back to profiteroles. They lie covered in a layer of whipped cream, coated in chocolate and sprinkled with almond flakes. Voilà! The birth of the profiterole cake.

It's hot, it's velvety, it has a rich taste. Simply a winter classic. In the winter it can draw out a blissful smile more than a bar of chocolate. We are talking about hot chocolate. **Cherry hot chocolate with cherry sauce, decorated with whipped cream and red chocolate shavings.** Don't repress the urge for long, come and enjoy that delicate taste and above all see the beneficial effects chocolate has on your body and your soul.
